CHARLES MEEKING & COMPANY present to their customers and the public an ILLUSTRATED PRICED CATALOGUE of their extensive Stock of Furniture, and for the following reasons respectfully invite a perusal of its contents.

1st. That it affords efficient assistance to purchasers in making their selections.

2nd. That it specifies the price of each article illustrated.

3rd. That it contains estimates of the cost for furnishing each room separately, from which can be calculated the cost for furnishing a house containing any number of rooms.

4th. That, as it contains a correct illustration of the article represented—each the best of its class in material, workmanship and design—and as a number is affixed to each Engraving, intending purchasers who by avocation or distance are prevented visiting their establishment, can by reference to the catalogue make their selections both with facility and confidence.

CHARLES MEEKING & COMPANY, in soliciting the patronage of the public, unhesitatingly assert that all orders given or transmitted to them will be promptly and faithfully executed.
